Just a quick note.:

Welcome to Clark's! Or should I say welcome *back* to Clark's. It's been a long 18 months, after the fire we couldn't save much aside from a few branding irons and a bunch of 120 year old brick (both of which we think we put to good use). Also let me mention we saved a few other things that have helped me greatly in these trying times. First my wife Kim, and Jeff (who both started working at Clark's in 1976), Frito who started in 1978 and Jan who's just as dedicated as the rest of us though she's just been around a few years. I'm sorry for the wait, it has been as hard for us as it has for you! Please forgive any stumbles in our service as we find our feet in the new setting. We will strive to be just as good as you remember! Should you need anything or have questions/suggestions please feel free to ask any of us or Joe who you may remember from a few years back. Thanks for coming back Joe.

On a personal side, I would like to express my deep thanks to my family, friends, and the City of Tioga for all their support in the rebuilding of Clark's.

As always, my very best wishes to you and yours.

Thank You,

James Hilliard 1974.

WE ARE OPEN TUESDAY THRU SUNDAY 11:00AM - 9:00PM
